Menu Layout

While the majority of your menu* is managed in Clover, the layout and order in which your categories appear on your menu must be adjusted in the Owner dashboard.

IMPORTANT * - The Owner.com Printer label must be active on every menu item in order to be visible on your website

	Owner Dashboard	Clover Dashboard
86 Items - Clover You can manually mark an item unavailable in Clover and it will automatically be deactivated from your Online Ordering Menu		✓
Menu Updates - Clover You'll manage your Online ordering menu* in Clover including: Adding new items, and menu photos, adjusting prices, and item structure		✓
Hours - Owner All hours are managed on the Owner dashboard. Opening + closing, holidays, menu availability and category availability	✓	
Coupons & Loyalty - Owner Change the point value of redeemable items, manage and add coupons codes	✓	
Online Ordering Refunds - Owner To issue refunds for online orders, you'll need to use the Owner dashboard or tablet	✓	
Reporting - Owner Your reports can be seen in both the Owner Dashboard and in your Clover Reporting	✓	✓
